Best Boob Job
SOL
248 Detroit St.
303-394-1060

SOL should be a rite of passage, a secret world that aunts open up for their nieces. It would prevent long-term scarring from

harsh department-store lights and help end the unfortunate phenomenon of ill-fitting bras. Owners Jeanie Peterson and Cindy Johnson have been running SOL in Cherry Creek since 1997, and almost every woman who goes in comes out a convert. That's because these two — and their staff — can size up a customer at a glance and know exactly what she needs. Slipping straps, punishing underwires, ugly bra lines? They've got you covered. Plus, their line of "date bras," as they call them, are

fun, flirty and show off your assets to best effect. Yes, SOL's bras are pricey, but when you exit the dressing room, it's like you've had a boob job — without the risk of finding yourself in a nasty Pam Anderson situation.
